**Hole Diameter:**

Between 0.256 inches and 0.267 inches

**Outside Diameter:**

Between 0.494 inches and 0.510 inches

**Material Thickness:**

Between 0.023 inches and 0.028 inches

**Material:**

Steel comp 1060 or steel comp 1065 or steel comp 1070 or steel comp 1075 or steel comp 1080

**Material Specification:**

-qq-s-633 canc federal specification 1st material response or -qq-s-633 canc federal specification 2nd material response or -qq-s-633 canc federal specification 3rd material response or -qq-s-633 canc federal specification 4th material response or -qq-s-633 canc federal specification 5th material response

**Surface Treatment:**

Phosphate

**Style Designator:**

Flat external teeth

**Specification Or Standard:**

B type

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A022b0
