Hole Diameter:

Between 0.115 inches and 0.123 inches

Outside Diameter:

Between 0.245 inches and 0.260 inches

Material Thickness:

Between 0.015 inches and 0.019 inches

Material:

Steel comp 1060 or steel comp 1065 or steel comp 1070 or steel comp 1075 or steel comp 1080

Material Specification:

Qq-s-633, fs1060 to fs1080-canceled federal specification single material response

Surface Treatment:

Cadmium or zinc

Style Designator:

Flat external teeth

Specification Or Standard:

B type

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A022b0
