Hole Diameter:

Between 0.640 inches and 0.663 inches

Outside Diameter:

Between 1.100 inches and 1.135 inches

Material Thickness:

Between 0.059 inches and 0.067 inches

Material:

Steel comp 1060 or steel comp 1065 or steel comp 1070 or steel comp 1075 or steel comp 1080

Material Specification:

Qq-s-633 canc federal specification single material response

Surface Treatment:

Cadmium or zinc

Style Designator:

Flat internal teeth

Specification Or Standard:

A type

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A022b0
