Hole Diameter:

Between 0.512 inches and 0.530 inches

Outside Diameter:

Between 0.867 inches and 0.900 inches

Material Thickness:

Between 0.037 inches and 0.045 inches

Material:

Steel comp 1060 or steel comp 1065 or steel comp 1070 or steel comp 1075 or steel comp 1080

Material Specification:

-qq-s-633 canc federal specification all material responses

Surface Treatment:

Zinc and dichromate

Style Designator:

Flat internal teeth

Specification Or Standard:

A type

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A022b0
