Hole Diameter:

2.718 inches

Shoulder Diameter:

2.938 inches

Outside Diameter:

3.844 inches

Shoulder Height:

0.592 inches

Material Thickness:

0.100 inches

Product Name:

Navy special project

Material:

Aluminum alloy

Material Specification:

Qq-a-591 federal specification single material response

Style Designator:

Shouldered

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A022b0
