Hole Diameter:

Between 0.270 inches and 0.275 inches

Outside Diameter:

Between 0.600 inches and 0.605 inches

Material Thickness:

0.105 inches

Recess Angle:

90.0 degrees

Material:

Copper alloy

Material Specification:

Qq-c-450 federal specification single material response or qq-c-465 federal specification single material response

Style Designator:

Recessed

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A022b0
