Thread Direction:

Right-hand

Locking Feature:

Prevailing torque all metal design

Radius:

11.320 inches

Overall Width:

0.520 inches

Nut Style:

Gang channel, self locking

Channel Style:

Radius type

Assemblyheight:

0.358 inches

Channel Height:

0.150 inches

Nut Quantity:

33

Features Provided:

Floating nut

Material:

Steel nut

Material Specification:

Ams5642 assn standard single material response nut

Precious Material:

Silver

Surface Treatment:

Silver nut

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A021a0
