Hole Diameter:

Between 0.380 inches and 0.395 inches

Outside Diameter:

Between 1.938 inches and 2.000 inches

Overall Height:

0.325 inches

Recess Diameter:

1.500 inches

Material Thickness:

0.125 inches

Recess Angle:

100.0 degrees

Material:

Steel comp 302 or steel comp 304 or steel comp 316

Material Specification:

Qq-s-766, cond a federal specification all material responses

Surface Treatment:

Passivate

Style Designator:

Finishing

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A022b0
