Hole Diameter:

Between 0.320 inches and 0.332 inches

Outside Diameter:

Between 0.594 inches and 0.610 inches

Material Thickness:

Between 0.028 inches and 0.034 inches

Material:

Tin alloy 425

Material Specification:

Qq-b-750, comp a federal specification single material response

Surface Treatment:

Tin

Surface Treatment Specification:

Mil-t-10727, type 2 military specification single treatment response

Style Designator:

Flat internal teeth

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A022b0

Mil-std (military Standard):

Mil-t-10727 spec.
