Hole Diameter:

0.141 inches

Outside Diameter:

Between 0.980 inches and 1.020 inches

Overall Height:

0.122 inches

Recess Diameter:

0.500 inches

Material Thickness:

0.032 inches

Recess Angle:

Between 80.0 degrees and 100.0 degrees

Material:

Aluminum alloy 5052

Material Specification:

Qq-a-250/8, h32 federal specification single material response

Surface Treatment:

Chromate

Style Designator:

Finishing

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A022b0
