Hole Diameter:

0.637 inches

Outside Diameter:

Between 1.990 inches and 2.010 inches

Material Thickness:

Between 0.052 inches and 0.062 inches

Countersink Angle:

45.0 degrees

Material:

Plastic polyamide

Material Specification:

Mil-p-17091, type 1 federal specification single material response

Style Designator:

Countersink internal teeth

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A022b0

Mil-std (military Standard):

Mil-p-17091 spec.
