Hole Diameter:

Between 0.805 inches and 0.806 inches

Shoulder Diameter:

0.980 inches

Outside Diameter:

1.100 inches

Shoulder Height:

0.040 inches

Material Thickness:

Between 0.040 inches and 0.045 inches

Surface Finish:

32.0 microinches top

Product Name:

Navy special project

Material:

Copper alloy

Material Specification:

Qq-b-750, comp a, spring federal specification single material response

Style Designator:

Shouldered

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A022b0
