Hole Diameter:

Between 0.256 inches and 0.271 inches

Outside Diameter:

Between 0.393 inches and 0.408 inches

Material Thickness:

Between 0.015 inches and 0.021 inches

Color:

Black

Material:

Steel comp 410

Material Specification:

Qq-s-763 military specification single material response

Surface Treatment:

Oxide film

Surface Treatment Specification:

F-33 fscm 96214 mfr ref single treatment response

Style Designator:

Flat internal teeth

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A022b0

Mil-std (military Standard):

spec.
