**Hole Diameter:**

0.203 inches

**Shoulder Diameter:**

0.413 inches

**Outside Diameter:**

0.812 inches

**Shoulder Height:**

0.052 inches

**Material Thickness:**

0.096 inches

**Heat Treatment:**

As fabricated

**Material:**

Steel comp 1561

**Material Specification:**

Qq-s-763 federal specification single material response

**Surface Treatment:**

Passivate

**Surface Treatment Specification:**

Qq-p-35, type 2 federal specification single treatment response

**Style Designator:**

Shouldered

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fig:**

A022b0
