Hole Diameter:

5.280 inches

Outside Diameter:

5.480 inches

Overall Height:

0.100 inches

Material Thickness:

0.012 inches

Hardness Rating:

38.0 rockwell c

Special Features:

Qty of indents 12 min 18 max, o/a h attained under 50 lb porm0.5 compression load

Material:

Copper alloy 172

Material Specification:

Qq-c-533 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A022b0
