| Hole Diameter:                        |
|---------------------------------------|
| 24.785 inches                         |
| Outside Diameter:                     |
| 24.940 inches                         |
| Overall Height:                       |
| 0.155 inches                          |
| Material Thickness:                   |
| Between 0.047 inches and 0.048 inches |
| Hardness Rating:                      |
| 34.0 rockwell c                       |
| Heat Treatment:                       |
| As fabricated                         |
| Material:                             |
| Nickel alloy                          |
| Style Designator:                     |
| Spring tension                        |
| Shelf Life:                           |
| N/a                                   |
| Unit Of Measure:                      |
|                                       |
| Demilitarization:                     |
| No                                    |
| Fiig:                                 |
| A022b0                                |
|                                       |
