Hole Diameter:

Between 0.194 inches and 0.202 inches

Outside Diameter:

0.323 inches

Material Thickness:

0.040 inches

Product Name:

Navy special project

Material:

Copper alloy

Style Designator:

Split helical-right hand

Reference Number Differentiating Characteristics:

Nonmagnetic and other tests per mil-n-21945

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A022b0
