Hole Diameter:

0.406 inches

Outside Diameter:

0.750 inches

Material Thickness:

Between 0.094 inches and 0.125 inches

End Application:

2320-01-097-0260 hemtt (heavy expanded mobility tactical truck)

Features Provided:

Casehardened

Heat Treatment:

Oil quenched

Material:

Steel

Material Specification:

4m, fscm 24617 mfr ref single material response or 5m, fscm 24617 mfr ref single material response

Surface Treatment:

Cadmium or zinc

Style Designator:

Convex

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A022b0
