**Hole Diameter:**

1.015 inches

**Outside Diameter:**

1.375 inches

**Material Thickness:**

Between 0.120 inches and 0.130 inches

**Special Features:**

Color no. 17875 federal standard 595

**Material:**

Aluminum alloy 6061

**Material Specification:**

Ww-t-700/6 federal specification single material response

**Surface Treatment:**

Anodize

**Surface Treatment Specification:**

Ps13201 type 2 class 1 fscm 76301 mfr ref single treatment response

**Style Designator:**

Split

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fig:**

A022b0
