Hole Diameter:

1.066 inches

Outside Diameter:

2.310 inches

Recess Diameter:

1.116 inches

Material Thickness:

0.050 inches

Recess Angle:

90.0 degrees

Material:

Steel

Material Specification:

Sae 6355 assn standard single material response

Surface Treatment:

Cadmium

Surface Treatment Specification:

Ams 2400 assn standard single treatment response

Style Designator:

Recessed

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:
