Hole Diameter:

0.375 inches

Shoulder Diameter:

0.875 inches

Outside Diameter:

1.500 inches

Shoulder Height:

0.062 inches

Material Thickness:

0.250 inches

Min. Tensile Strength (psi):

1500 pounds per square inch

Hardness Rating:

70.0 durometer

Color:

Black

Material:

Rubber synthetic

Material Specification:

Astm d2000 type bg 715 assn standard single material response

Style Designator:

Shouldered

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A022b0
