**Cross Sectional Shape:**

Rectangular

**Edge Shape:**

Round

**Center Hole Shape:**

Round

**Thickness:**

0.016 inches

**Overall Diameter:**

Between 0.270 inches and 0.280 inches

**Material:**

Aluminum alloy 6061

**Material Specification:**

Qq-a-250/11, alloy 6061, t6 federal specification single material response

**Surface Treatment:**

Anodize

**Surface Treatment Specification:**

Ems-241, airesearch mfg co of arizona assn standard single treatment response

**Specification Data:**

70210-s8157 manufacturers standard

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A022b0
