Hole Diameter:

3.000 inches

Outside Diameter:

6.250 inches

Internal Keyway Width:

0.656 inches

Distance From Centerline To Bottom Of Internal Keyway:

2.031 inches

Internal Keyway Quantity:

4

Material Thickness:

0.104 inches

Material:

Aluminum alloy

Material Specification:

Ams 4000 assn standard single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A022b0
