Hole Diameter:

Between 1.369 inches and 1.373 inches

Outside Diameter:

Between 1.910 inches and 1.915 inches

Material Thickness:

Between 0.078 inches and 0.080 inches

Features Provided:

Casehardened

Hardness Rating:

Between 32.0 rockwell c and 38.0 rockwell c

Material:

Steel

Material Specification:

N0.815 mfr ref single material response

Style Designator:

Flat internal teeth

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A022b0
