Hole Diameter:

Between 0.626 inches and 0.628 inches

Outside Diameter:

0.875 inches

Internal Keyway Width:

0.109 inches

Distance From Centerline To Bottom Of Internal Keyway:

0.354 inches

Material Thickness:

0.005 inches

Material:

Copper alloy c

Material Specification:

Qq-b-611 canc federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A022b0
