Hole Diameter:

Between 0.5010 inches and 0.5031 inches

Outside Diameter:

Between 0.870 inches and 0.880 inches

Recess Diameter:

Between 0.509 inches and 0.520 inches

Material Thickness:

Between 0.047 inches and 0.050 inches

Features Provided:

Casehardened

Hardness Rating:

Between 52.0 rockwell c and 58.0 rockwell c

Recess Angle:

90.0 degrees

Material:

Steel comp 4615

Material Specification:

Qq-s-671 federal specification single material response

Style Designator:

Recessed

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A022b0
