Hole Diameter:

0.590 inches

Outside Diameter:

1.070 inches

Internal Keyway Width:

0.069 inches

Distance From Centerline To Bottom Of Internal Keyway:

0.380 inches

Internal Keyway Quantity:

2

Material Thickness:

0.064 inches

Heat Treatment:

O-annealed, recrystallized

Material:

Aluminum alloy 1100

Material Specification:

Ams4023 assn standard single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A022b0
