**Hole Diameter:**

Between 0.132 inches and 0.134 inches

**Outside Diameter:**

Between 0.340 inches and 0.350 inches

**Material Thickness:**

Between 0.040 inches and 0.044 inches

**Heat Treatment:**

As fabricated

**Material:**

Steel comp 302

**Material Specification:**

Ams 5516 assn standard single material response

**Surface Treatment:**

Passivate

**Style Designator:**

Slotted

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fig:**

A022b0
