Hole Diameter:

Between 0.3115 inches and 0.3130 inches

Outside Diameter:

Between 0.603 inches and 0.613 inches

Overall Height:

0.086 inches

Material Thickness:

0.016 inches

Material:

Steel comp 1010 or steel

Material Specification:

Sae assn standard 1st material response or ems class 57 fscm 43999 mfr ref 2nd material response

Surface Treatment:

Cadmium or zinc

Style Designator:

Spring tension

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A022b0
