## NSN 5310-00-584-5175

Spring Tension Washer - Page 1 of 1

View Online at https://aerobasegroup.com/nsn/5310-00-584-5175

Hole Diameter:
Between 0.3115 inches and 0.3130 inches
Outside Diameter:
Between 0.603 inches and 0.613 inches
Overall Height:
0.086 inches
Material Thickness:
0.016 inches
Material:
Steel comp 1010 or steel
Material Specification:
Sae assn standard 1st material response or ems class 57 fscm 43999 mfr ref 2nd material response
Surface Treatment:
Cadmium or zinc
Style Designator:
Spring tension
Shelf Life:
N/a
Unit Of Measure:
Demilitarization:
No
Fiig:
A022b0
