Hole Diameter:

Between 0.091 inches and 0.095 inches

Outside Diameter:

Between 0.173 inches and 0.177 inches

Overall Height:

0.040 inches

Material Thickness:

Between 0.006 inches and 0.008 inches

Color:

Black

Material:

Copper alloy 510

Material Specification:

Ams 4510 assn standard single material response

Surface Treatment:

Cadmium and oxide film

Style Designator:

Spring tension

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A022b0
