**Hole Diameter:**

0.166 inches

**Outside Diameter:**

0.625 inches

**Overall Height:**

0.094 inches

**Material Thickness:**

0.032 inches

**Heat Treatment:**

T-36 solution heat treated, cold worked by reduction of 6 percent

**Material:**

Aluminum alloy 2024

**Material Specification:**

Qq-a-355, t4 federal specification single material response

**Surface Treatment:**

Anodize

**Style Designator:**

Finishing

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fig:**

A022b0
