Hole Diameter:

Between 0.375 inches and 0.380 inches

Shoulder Diameter:

0.950 inches

Outside Diameter:

1.190 inches

Shoulder Height:

0.160 inches

Material Thickness:

0.120 inches

Minimum Yield Strength:

30000 pounds per square inch

Criticality Code Justification:

Aaub

Material:

Steel

Surface Treatment:

Phosphate

Style Designator:

Shouldered

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A022b0
