Hole Diameter:

Between 0.189 inches and 0.199 inches

Outside Diameter:

Between 0.530 inches and 0.590 inches

Material Thickness:

Between 0.047 inches and 0.053 inches

Material:

Aluminum alloy 2024

Material Specification:

Qq-a-268 federal specification single material response

Surface Treatment:

Anodize

Style Designator:

Convex

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A022b0
