Hole Diameter:

Between 0.193 inches and 0.213 inches

Outside Diameter:

Between 0.365 inches and 0.385 inches

Material Thickness:

Between 0.052 inches and 0.072 inches

Product Name:

Navy special project

Material:

Steel

Surface Treatment:

Cadmium and chromate

Style Designator:

Convex

Departure From Cited Designator:

As modified by surface treatment rqmt

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A022b0
