Hole Diameter:

1.765 inches

Outside Diameter:

2.875 inches

Internal Keyway Width:

0.437 inches

Distance From Centerline To Bottom Of Internal Keyway:

0.919 inches

Internal Keyway Quantity:

2

Material Thickness:

Between 0.092 inches and 0.098 inches

Special Features:

With prebent key on face of washer, 0.312 in. Wide

Material:

Steel comp 1010 or steel comp 1015

Material Specification:

Astm a108 assn standard all material responses

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A022b0
