Hole Diameter:

0.250 inches

Outside Diameter:

Between 0.724 inches and 0.744 inches

Overall Height:

0.118 inches

Material Thickness:

0.016 inches

Recess Angle:

Between 99.0 degrees and 100.0 degrees

Material:

Aluminum alloy 5052

Material Specification:

Qq-a-318 federal specification single material response

Surface Treatment:

Anodize

Style Designator:

Finishing

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A022b0
