**Hole Diameter:**

0.250 inches

**Outside Diameter:**

Between 0.724 inches and 0.744 inches

**Overall Height:**

0.118 inches

**Material Thickness:**

0.016 inches

**Recess Angle:**

Between 99.0 degrees and 100.0 degrees

**Material:**

Aluminum alloy 5052

**Material Specification:**

Qq-a-318 federal specification single material response

**Surface Treatment:**

Anodize

**Style Designator:**

Finishing

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fig:**

A022b0
