Hole Diameter:

Between 0.249 inches and 0.281 inches

Outside Diameter:

Between 1.484 inches and 1.516 inches

Material Thickness:

Between 0.172 inches and 0.204 inches

Special Features:

Slot chamfered 0.062 in. By 45 degrees on od

Material:

Steel

Material Specification:

Qq-s-633-canc federal specification single material response

Style Designator:

Slotted

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A022b0
