Hole Diameter:

Between 0.635 inches and 0.655 inches

Outside Diameter:

Between 0.840 inches and 0.860 inches

Overall Height:

0.045 inches

Material Thickness:

0.012 inches

Heat Treatment:

As fabricated

Material:

Steel comp 301

Material Specification:

Qq-s-766c federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A022b0
