Thread Direction:

Right-hand

Locking Feature:

Prevailing torque all metal design

Radius:

10.300 inches

Overall Width:

0.518 inches

Nut Style:

Gang channel, self locking

Channel Style:

Radius type

Assemblyheight:

0.363 inches

Channel Height:

0.130 inches

Nut Quantity:

6

Features Provided:

Floating nut

Material:

Steel nut

Material Specification:

Amsams 5642 assn standard single material response nut

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:
