Hole Diameter:

Between 0.208 inches and 0.218 inches

Outside Diameter:

Between 0.495 inches and 0.505 inches

Overall Height:

0.04575 inches

Material Thickness:

Between 0.270 inches and 0.295 inches

Material:

Nickel alloy x-750

Material Specification:

Ams 5542 assn standard single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A022b0
