Spring Tension Washer - Page 1 of 1

View Online at https://aerobasegroup.com/nsn/5310-00-802-8883

Hole Diameter:
Between 0.208 inches and 0.218 inches
Outside Diameter:
Between 0.495 inches and 0.505 inches
Overall Height:
0.04575 inches
Material Thickness:
Between 0.270 inches and 0.295 inches
Material:
Nickel alloy x-750
Material Specification:
Ams 5542 assn standard single material response
Shelf Life:
N/a
Unit Of Measure:
Demilitarization:
No
Fiig:
A022b0
