Hole Diameter:

0.250 inches

Shoulder Diameter:

0.300 inches

Outside Diameter:

0.375 inches

Shoulder Height:

0.016 inches

Material Thickness:

0.031 inches

Material:

Steel

Material Specification:

Qq-s-763 class 303 cond a federal specification single material response

Surface Treatment:

Passivate

Style Designator:

Shouldered

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A022b0
