**Hole Diameter:**

0.166 inches

**Shoulder Diameter:**

0.403 inches

**Outside Diameter:**

0.870 inches

**Shoulder Height:**

0.080 inches

**Material Thickness:**

0.040 inches

**Product Name:**

Navy special project

**Material:**

Aluminum alloy 2024

**Material Specification:**

Ams 4120 temper t4 assn standard single material response

**Surface Treatment:**

Anodize

**Style Designator:**

Shouldered

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A022b0
