**Hole Diameter:**

Between 0.468 inches and 0.473 inches

**Outside Diameter:**

Between 0.755 inches and 0.760 inches

**Material Thickness:**

Between 0.223 inches and 0.227 inches

**Heat Treatment:**

As fabricated

**Material:**

Steel comp 8740

**Material Specification:**

Ams 6322 assn standard single material response

**Surface Treatment:**

Cadmium

**Style Designator:**

Convex

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fig:**

A022b0
