Hole Diameter:

0.640 inches

Outside Diameter:

1.060 inches

Recess Diameter:

0.840 inches

Material Thickness:

0.100 inches

Recess Angle:

90.0 degrees

Material:

Aluminum alloy or aluminum alloy 2024

Material Specification:

Qq-a-250/5, t3 federal specification single material response or qq-a-250/5, t4 federal specification single material response or qq-a-200/3, t4 federal specification single material response

Surface Treatment:

Anodize

Surface Treatment Specification:

Mil-a-8625, type 1 military specification single treatment response

Style Designator:

Recessed

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A022b0

Mil-std (military Standard):

Mil-a-8625 spec.
