Hole Diameter:

Between 0.630 inches and 0.646 inches

Outside Diameter:

Between 1.000 inches and 1.020 inches

Material Thickness:

0.118 inches

Hardness Rating:

44.0 rockwell c

Special Features:

Consist of the 1 and 2 halves

Material:

Steel comp 630

Material Specification:

Ams 5355 assn standard single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A022b0
