Material Thickness:

Between 0.020 inches and 0.022 inches

Mating Member Diameter Accommodated:

0.240 inches

Nut Diameter:

Between 0.690 inches and 0.710 inches

Material:

Nickel alloy

Material Specification:

Ams5536 assn standard single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A021a0
