Hole Diameter:

0.192 inches

Shoulder Diameter:

0.385 inches

Outside Diameter:

0.625 inches

Shoulder Height:

0.083 inches

Material Thickness:

0.008 inches

Recess Angle:

Between 99.0 degrees and 103.0 degrees

Material:

Aluminum alloy 5052

Material Specification:

Qq-a-250/8 federal specification single material response

Surface Treatment:

Anodize or chromate

Style Designator:

Shouldered and recessed

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A022b0
